likely feel great after a long year of being cooped up and locked down! You may be an avid cyclist, learning or re-learning. Just take the time and take a ride. Our area trails make for a perfect and safe avenue to enjoy the great outdoors by bike or foot!

Here are a few biking safety reminders:

- Helmet fit is important. Make it a rule: every time you and your child ride a bike, wear a bicycle helmet that meets the safety standards developed by the U.S. Consumer Product Safety Commission.
- If your child is reluctant to wear a helmet, try letting him or her choose his own.
- Make sure the helmet fits and your child knows how to put it on correctly. A helmet should sit on top of the head in a level position, and should not rock forward, backward or side to side. The helmet straps must always be buckled but not too tightly.
- Bicyclists should always wear helmets and bright reflective gear. Wear bright colored clothing to make yourself more visible. At night wear reflective clothing as well. Always wear a properly fitted bicycle helmet. Make sure the helmet sits level on your child's head, not tilted back or sideways. Make sure the "V" of the side straps meet just below the child's ear with no slack allowing the helmet to rock back and fourth. Make sure chin strap is snug against the chin.

Proper equipment fit and maintenance are also important for safety.

- Ensure proper bike fit by bringing the child along when shopping for a bike. Buy a bicycle that is the right size for the child, not one he will grow into. When sitting on the seat, the child's feet should be able to touch the ground.
- Make sure the reflectors are secure, brakes work properly, gears shift smoothly and tires are tightly secured and properly inflated.
- Bicyclists may ride on all Minnesota roads, except where restricted, such as interstates.
- Bicyclists should ride on the road and must ride in the same direction as traffic.
