Notice to Voters

August 13, 2024 State Primary

Review the information below to learn about the upcoming State Primary.

State Primary

State Primary determines which candidates will be on the ballot in the November General Election.

There may be two kinds of offices on your State Primary ballot: partisan offices and nonpartisan offices.

Partisan Offices

- · All state and federal offices, such as U.S. Representative or Minnesota Senator, are partisan offices.
- Minnesota election law permits you to vote for candidates of only one political party for partisan offices in a State Primary.
 Partisan candidates will be listed, by major party, in multiple columns on the primary ballot.

Nonpartisan Offices

- Nonpartisan offices will not list a political party next to a candidate's name on the ballot. For example, county, city, township
 and school board offices are nonpartisan.
- Nonpartisan offices will be listed on the back side of the primary ballot. You can vote for any candidate.

Voter Registration

- Register or update your registration by visiting: https://mnvotes.sos.mn.gov/VoterRegistration/index
- · The deadline to pre-register for the Primary Election is July 23, 2024.

Check to see if you are registered to vote by scanning:

View Your Sample Ballot

- · Your official ballot will have the names of all candidates for your precinct.
- · To see a list of the names of candidates and questions on the ballot for your precinct visit: mnvotes.gov/myballot
- Contact Stearns County Elections to request a copy of your sample ballot be mailed to you.

You may also view your sample ballot online by scanning:

Voting Before Election Day

- · You can vote early by mail, in person, or from the military or abroad.
- · Learn more about Stearns County absentee locations by visiting: stearnscountymn.gov/1688/Vote-Early-by-Absentee
- Absentee voting for the Primary Election begins Friday, June 28, 2024.

Learn more about absentee and early voting by scanning:

Mail Ballot Precincts

- Ballots will be sent to all registered voters in mail ballot precincts no more than 46 days and no later than 14 days before
 a regularly scheduled election for federal, state, and county elections.
- To view a list of Stearns County mail ballot precincts visit: www.stearnscountymn.gov/1706/Mail-Ballot-Precincts
- Voters in mail ballot precincts who are unregistered or want to vote by absentee may vote by mail or in-person at the Stearns County Service Center.

 Stearns County Service Center
- The Election Day polling place for mail ballot precincts is the: 3301 County Road 138
 Waite Park, MN 56387

Find Your Polling Place

- Primary Election Day is Tuesday, August 13, 2024.
- · You can find your polling place by visiting: mnvotes.gov/pollfinder
- Election Day polling places are open 7am to 8pm.

p.m. - 9:00 p.m., Field Day: Saturday, 09-21-2024 from 8:00 a.m. -2:00 p.m.

Instructor: Jan Mick To register or for questions contact Jan at jan_mick@hotmail.com.

Include the following: 1. Student full Legal

name 2. Phone number

3. Email address Requirements: Must be 11 years of age before class start date listed above in order to be eligible to take

*** NO online/hybrid students ***

Recognizing Vision Problems in Kids

Although vision loss is to see better can cause cause you can see there is can experience issues that contribute to diminished vision. Sometimes parents may be unaware that their children have low vision or other issues compromising their sight, particularly when children are too young to verbalize their impairments. The Mayo Clinic notes additional symptoms, such as squinting while reading or holding reading material closely may be more apparent.

Parents, caregivers and even teachers can keep an eye out for these symptoms to determine if kids are having vision problems.

- Blurriness: A child may complain of things being blurry, whether that means words in a book or on a smart screen in the classroom.
 - Headaches: Straining lems may be apparent be-

aging, people of all ages starts complaining of frequent headaches, an eye exam may be in order. • Attention span: If

your child quickly loses interest in games or other lengthy activities, it may be that poor vision is making it more difficult to fully participate. • Losing place: Some-

one with vision issues may experience difficulty keeping track of words while reading. • Eye rubbing: Prevent

Blindness says rubbing tired eyes can be an indicator of a vision problem, as can tilting one's head or thrusting the head forward.

- Feeling dizzy: Some people with vision problems feel dizzy or out of sorts at times.
- Physical symptoms: Sometimes vision prob-

amiss. Eyes something that don't line up, eyes that appear crossed, redness in the eyes or rims, or red, inflamed eyes can be symptomatic of a vision problem.

• Eye exam results: Eye doctors conduct a series of tests during an eye exam. During an automatic refraction test, visual acuity can be measured when an autorefractor shines light into the eye and measures the eye's response. It's commonly used with children who cannot communicate what they're seeing and can help diagnose vision trouble.

Vision issues can present themselves in children and not be as readily apparent to the adults in their lives. Familiarizing oneself with certain symptoms is a way to diagnose vision trouble earlier.

Seven Ways to Reduce Stroke Risk

ical condition that results contributor to the risk of from impaired blood flow stroke in both men and to the brain, the consequences of which can be trouble with mobility, speech complications, lack of muscular control, and even death. UTMB Health indicates stroke is the fifth leading cause of death in the United States, but up to 80 percent of all strokes are preventable. These seven strategies can help individuals reduce their risk for stroke.

1. Lower your blood can double or even quadruple stroke risk if it is not controlled. Harvard

Stroke is a serious med- pressure is the biggest women. 2. Keep a healthy

weight, as being overweight or obese increases risk for stroke, says the Centers for Disease Control and Prevention. 3. If you smoke, quit.

Smoking can lead to hardening of the arteries that can make it more difficult for blood to flow to the brain, according to the Office of Disease Prevention and Health Promotion.

4. Exercising can help pressure, as hypertension lower blood pressure and keep weight in check, but Harvard Health says it also stands on its own as a Health says high blood method for reducing stroke risk. Reach a rate of exercise that involves breathing hard but still being able to talk. 5. If you drink alcohol,

keep it to no more than one to two drinks per day. After which, increased drinking elevates stroke risk sharply.

6. Control cholesterol levels, and have your cholesterol checked at least once every five years, says the CDC.

7. Manage your atrial fibrillation. Afib is an irregular heartbeat that can cause the formation of clots in the heart. These clots can then make their way to the brain. Afib increases stroke risk signifi-
