Did You Know?

The United States entered the Vietnam War on August 5, 1964, and stopped fighting on May 7, 1975 by order of President Gerald Ford. Millions served in the Vietnam War and many lost their lives while others were wounded. Estimates of how many Vietnam veterans are still living vary. According to DAV®, an organization that helps war veterans, today there are fewer than 850,000 living Vietnam War veterans. However, the 2022 American Community Survey estimated 5.44 million living Americans are veterans of the Vietnam War. These individuals would be 80 years of age and older, comprising a large sector of the senior citizen population.

Rockville Remember...

In honor of Mother's Day, I thought to share a picture of some Rockville Mothers of the past...but I'm not sure they were all Moms! I do wonder how they “played basketball” in those clothes??? This in 1919....left to right: Ruth Weisman, Edith Hartel, Louise Weisman, Olivia Weisman and Tillie Weisman. Actually, I don't have any of their “married” names on the picture, they were a young “single” ladies team.....I guess? Enjoyed the history, Tudie 252-3017.

MDA Reminds Residents to Use Pesticides and Fertilizers with Care

With the arrival of spring, many Minnesotans are thinking about their lawns, trees, and gardens. Whether you do yardwork yourself or hire a professional, the Minnesota Department of Agriculture (MDA) urges the safe use of pesticides and fertilizers on your property by following all label directions.

Pesticide and fertilizer labels specify how to use products safely and effectively. In Minnesota, it is unlawful to apply products without following label instructions. The label is the law.

If you hire a professional lawn care provider, do your homework. State law requires pesticide applicators to be licensed by the MDA to commercially apply pesticides and fertilizers, including weed and feed product. Applicators must know and understand state and federal regulations regarding all aspects of pesticide and fertilizer handling, application, and disposal to be licensed by the MDA. The following are helpful tips for a safe spring season.

If you hire a professional:

- Professionals must be licensed by the MDA and carry their pesticide applicator license with them. Ask to see their license before they start work. You can also look up license holders on the MDA website: [mda.state.mn.us/licensinglookup](https://www.mda.state.mn.us/licensinglookup). Search under “Fertilizer Companies with Commercial Pesticide Applicators” or “Pesticide Applicator/Manure License” with a “Commercial Pesticide Applicator – Turf and Ornamentals” license type.
- Be cautious of people who claim their products

are completely safe or pressure you to sign a service contract.

- Recognize posted warning flags in areas that have been chemically treated.

- Applicators are required to provide an application record to you. Review the records, including products used and the amounts applied.

- Be sure the applicator sweeps the sidewalks and hard surfaces clean of any dry or granular products.

If you do it yourself:

- Read and follow all label directions.

- Do not apply products in windy or adverse weather conditions. High wind can cause products to drift and potentially harm people, pets, or plants.

- Sweep sidewalks and hard surfaces of any dry or granular product and reapply to the intended site. Pesticides left on watertight surfaces easily wash into our water supply.

- Buy only what you need. Unused products must be stored according to the label. They can also lose effectiveness over time and be difficult to dispose of properly. For more information about how to dispose of pesticides, visit the MDA website: <https://www.mda.state.mn.us/household-waste-pesticides>.

For information about applicator licenses, call the MDA at 651-201-6615. To report unlicensed applicators, please file a complaint on the MDA website or call 651-201-6333.

Consumers can contact the Better Business Bureau at www.bbb.org/us/mn and check customer satisfaction histories for lawn care companies.

Horoscopes

ARIES - Mar 21/Apr 20

Telling the truth has always come naturally to you, Aries. But tact isn't always your specialty and sometimes your candor is now well-received. Keep that in mind this week.

TAURUS - Apr 21/May 21

It is time to make peace with someone even if it is the last thing you want to do this week, Taurus. There is no better option than to talk it out, so schedule that chat as soon as possible.

GEMINI - May 22/Jun 21

Sometimes there is nothing you like more than being silly with other kindred spirits who get you, Gemini. But you're in a different mood this week and it might feel unfamiliar to you.

CANCER - Jun 22/Jul 22

It is fair to say this week that you desire some time alone and maybe need it as well, Cancer. Take some time for yourself and let others know you're going off the grid.

LEO - Jul 23/Aug 23

Leo, although your first inclination might be to get into a war of words with someone with whom you disagree, this week you might want to try a different approach. Remain open to others' views.

VIRGO - Aug 24/Sept 22

You might be tired of recent drama in your life, Virgo. But if you dig deeper, you might find that you have contributed to the noise. Make some meaningful changes this week.

LIBRA - Sept 23/Oct 23

Your negotiation skills are well-known, Libra, and you're usually the first person anyone thinks of when they need a third party to help them smooth over a situation. Enjoy the attention. **SCORPIO - Oct 24/Nov 22** Scorpio, even if someone is pushing your buttons this week, you won't let that get in the way of doing something for this person because they are dear to you.

SAGITTARIUS - Nov 23/Dec 21

You are no stranger to good luck, Sagittarius. This week that luck will be shared with people who cross your path. They will appreciate the fortune.

CAPRICORN - Dec 22/Jan 20

Expect to experience a strong feeling of wanderlust this week, Capricorn. You may find it challenging to pass up a trip or a new experience of any kind.

AQUARIUS - Jan 21/Feb 18

Aquarius, right now the old adage that if you ignore it, it will go away might not hold true. Failing to face something right now may not be the best approach.

PISCES - Feb 19/Mar 20

You are ready to share secrets with a soulmate, Pisces. The challenge lies in trying to find the time when you are alone to have this important conversation.
