tips for safe and happy holiday activities including toy-buying, cooking and decorating.

Toys
CPSC, in collaboration with U.S. Customs and Border Protection (CBP), seized nearly 1.6 million dangerous or illegal toys in fiscal year 2024. Of those, nearly 101,900 toy seizures were related to lead content.

Wrap your holiday with a protective bow with these giving gift safety tips:

- Follow age guidance and other safety information on toy packaging and choose toys that match each child's interests and abilities.

- Get safety gear, including helmets, for scooters and other riding toys—and make sure that children use them every time.

- Keep small balls and toys with small parts away from children younger than age 3 and keep deflated balloons away from children younger than age 8.

- Once the gifts are open, immediately discard plastic wrappings or other packaging on toys before they become dangerous playthings.

Cooking
The largest share of the 352,400 annual residential fires are cooking related (45%), according to CPSC's report on Residential Fire and Loss Estimates. Cooking fires spike on Thanksgiving Day with an average of 1,400 cooking fires — more than three times the daily average of cooking fires. CPSC data also shows that Black Americans have the highest rate of deaths from fire, nearly twice the overall rate across the population.

Prep holiday cooking with these tips for a safe and fire-free holiday season:

- Never leave cooking food unattended on the stove or in the oven.

- Only fry a turkey outside and away from your home or other flammable materials. Never use turkey fryers in an enclosed area like the garage or on the porch.

Did You Know That?

Drunk and drug-impaired driving is illegal in all 50 states and across Canada. Unfortunately, instances of driving under the influence of a substance seem to increase during the holiday season. According to recent data from the National Highway Traffic Safety Administration, 29.8 percent of all fatal car accidents between 2018 and 2022 (the most recent for data) involved a drunk driver. Fatal crashes involving drunk driving are about 27 percent more common during holiday periods than other times of the year. Nighttime driving during the month of December tends to be particularly dangerous. Almost half of drivers involved in fatal crashes between the

hours of midnight and 2:59 a.m. were intoxicated, according to data from December 2023. Thirty percent of drivers involved in fatal traffic crashes between the hours of 6 p.m. and 5:59 a.m. were intoxicated. The NHTSA reminds people that impaired driving is deadly. Drive Sober or Get Pulled Over and If You Feel Different, You Drive Different - Drive High Get a DUI are NHTSA campaigns instituted during the holiday season that are followed up with increased enforcement by police. Holiday celebrants should always plan for a sober ride home from parties or holiday dinners if they plan to drink or consume other substances that can cause impairment.
